DEPARTMENT OF HEALTH AND HUMAN SERVICES

Substance Abuse and Mental Health Services Administration

Agency Information Collection Activities: Submission for OMB Review; Comment Request

Periodically, the Substance Abuse and
Mental Health Services Administration

(SAMHSA) will publish a summary of
information collection requests under
OMB review, in compliance with the
Paperwork Reduction Act (44 U.S.C.
Chapter 35). To request a copy of these
documents, call the SAMHSA Reports
Clearance Officer on (240) 276-1243.

Project: 2019 National Survey on Drug Use and Health (OMB No. 0930-0110)— Extension

The National Survey on Drug Use and
Health (NSDUH) is a survey of the U.S.
civilian, non-institutionalized
population aged 12 years old or older.
The data are used to determine the
prevalence of use of tobacco products,
alcohol, illicit substances, and illicit use
of prescription drugs. The results are
used by SAMHSA, the Office of
National Drug Control Policy (ONDCP),
federal government agencies, and other
organizations and researchers to

establish policy, to direct program
activities, and to better allocate
resources.

*This is an extension to the 2019
National Survey on Drug Use and
Health (NSDUH). There are no
substantive changes to the questionnaire
or changes in burden. The 2019 NSDUH
will continue to include questions on
medication-assisted treatment (MAT)
and kratom.*

As with all NSDUH surveys
conducted since 1999, including those
prior to 2002 when the NSDUH was
referred to as the National Household
Survey on Drug Abuse, the sample size
of the survey for 2019 will be sufficient
to permit prevalence estimates for each
of the 50 states and the District of
Columbia. The total annual burden
estimate is shown below in Table 1.

TABLE 1—ANNUALIZED ESTIMATED BURDEN FOR 2019 NSDUH

Instrument	Number of respondents	Responses per respondent	Total number of responses	Hours per response	Total burden hours
Household Screening	137,231	1	137,231	0.083	11,390
Interview	67,507	1	67,507	1.000	67,507
Screening Verification	4,116	1	4,116	0.067	276
Interview Verification	10,126	1	10,126	0.067	678
Total	137,231	218,980	79,851

Written comments and
recommendations concerning the
proposed information collection should
be sent by March 4, 2019 to the
SAMHSA Desk Officer at the Office of
Information and Regulatory Affairs,
Office of Management and Budget
(OMB). To ensure timely receipt of
comments, and to avoid potential delays
in OMB's receipt and processing of mail
sent through the U.S. Postal Service,
commenters are encouraged to submit
their comments to OMB via email to:
OIRA_Submission@omb.eop.gov.
Although commenters are encouraged to
send their comments via email,
commenters may also fax their
comments to: 202-395-7285.
Commenters may also mail them to:
Office of Management and Budget,
Office of Information and Regulatory
Affairs, New Executive Office Building,
Room 10102, Washington, DC 20503.

Summer King,
Statistician.

Project: Data Resource Toolkit Protocol for the Crisis Counseling Assistance and Training Program (OMB No. 0930- 0270)—Reinstatement

The SAMHSA Center for Mental
Health Services (CMHS) as part of an
interagency agreement with the Federal
Emergency Management Agency
(FEMA) provides a toolkit to be used for
the purposes of collecting data on the
Crisis Counseling Assistance and
Training Program (CCP). The CCP
provides supplemental funding to states

and territories for individual and
community crisis intervention services
after a presidentially declared disaster.

The CCP has provided disaster mental
health services to millions of disaster
survivors since its inception, and, with
more than 30 years of accumulated
expertise, it has become an important
model for federal response to a variety
of catastrophic events. Recent CCP
grants include programs in Puerto Rico,
the U.S. Virgin Islands, Florida, Texas,
Tennessee, California, Missouri,
Louisiana, and West Virginia. These
grants have helped survivors after
disasters including Hurricanes Harvey,
Maria, and Irma in 2017; wildfires,
severe storms, flooding, and tornadoes
in 2016 and 2017; and landslides and
mudslides in 2016. CCPs address the
short-term mental health needs of
communities primarily through (a)
outreach and public education, (b)
individual and group counseling, and
(c) referral. Outreach and public
education serve primarily to normalize
reactions and to engage people who may
need further care. Crisis counseling
assists survivors in coping with current
stress and symptoms to return to pre-
disaster functioning. Crisis counseling
relies largely on "active listening," and
